The following improvements are exempt from building permits:

7. Installations or replacement of floor coverings except in bathrooms and at water closets.
8. Replacement of doors (not including frame or size change and excluding sliding glass doors and garage doors), provided they are not required to be fire-resistive assemblies (i.e. door from garage to house; corridors; etc.)

Although the following improvements are exempt from building permits, a permit from the Planning/Code Enforcement Division is still necessary. Call (650) 286-3225 or email planning@fostercity.org for additional information:
