Sidewalk - Elevation View

Sidewalk - Plan View

To allow for proper illumination of the sidewalk and roadway,  
all landscape must be trimmed so that no part of the tree/bush/hedge:

1. Covers the top or front of the street light fixture
2. Comes within 4'-0" front or sides of the street light fixture
3. Grows in front of the light pole
4. Grows within 1'-6" of the sides or back of the light pole
