NOTES:

1. It is understood that any permit issued pursuant to this application will not grant any right or privilege to use any building or land contrary to the provisions of law or of any ordinance of the City of Foster City. All provisions of law and of ordinance governing the use of the aforesaid building or land will be complied with, whether specified or not.
2. The applicant or any interested aggrieved person may appeal the determination of the Community Development Director or the Planning Commission within ten (10) calendar days from the date of such determination. All appeals must be filed within ten (calendar) days after the decision of the Community Development Director or Planning Commission. The appeal must be in writing. The required appeal fee as adopted by the City Council must accompany an appeal to the Planning Commission of a decision of the Community Development Director (Planning Director) or an appeal to the City Council of a decision of the Planning Commission or it will be considered incomplete. Prior to submitting your appeal, please check with staff regarding the amount of the appeal fee due. A Building Permit will not be issued until after this 10-day appeal period. If an action of the Commission is appealed, the City Council will hear the appeal and render a final decision.
3. I understand that the requested approval is for my benefit (or that of my principal). Therefore, if the City grants the approval, with or without conditions, and that action is challenged by a third party, I will be responsible for defending against this challenge. I therefore agree to accept this responsibility for defense at the request of the City and also agree to defend, indemnify and hold the City harmless from any costs, claims or liabilities arising from the approval, including, without limitation, any award of attorneys fees that might result from the third party challenge.
4. *The applicant understands that projects reviewed by the Planning Commission and a few projects reviewed by staff are billed on a time and materials basis which means that all staff time spent reviewing the project and any extraordinary materials required to process the project are charged to the applicant. If staff time spent on a project exceeds the deposit (the initial application fee/deposit), the applicant will be billed accordingly.*
5. **It is understood that approval of this application does not constitute approval of construction plans from the Building Inspection Division, which must be applied for separately and subsequent to the approval of this application.**
6. Public Noticing: Use Permits, Variances, and some other applications require a Planning Commission Public Hearing, for which property owners within a 300-foot radius of the project must be notified. The Notice of Public Hearing must be mailed two weeks prior to the scheduled meeting. Some Architectural Review applications require that the applicant notify adjacent property owners before the application can be determined to be complete. Please refer to the Submittal Requirements for procedures.
7. Plan Preparation and Submittal Information: Prior to plan preparation and submittal, applicants are strongly encouraged to read as applicable, the: 1) Residential Property Improvements Information Package; 2) Major Property Development (relevant to environmental assessments, General Plan amendments, rezonings, tentative maps, vesting tentative maps, and use permits) handout; or: 3) Signs Application and Information handout. This information describes the type of plans required for all applications and the information to be contained on plans.
8. The applicant and property owner hereby grant permission for City staff to enter and inspect the subject property as required to evaluate this application.

SIGNATURES – I, the undersigned owner (or authorized agent) of the property herein described, hereby make application for approval of the plans submitted and made a part of this application in accordance with the provisions of the City Ordinances, and I hereby certify that the information given is true and correct to the best of my knowledge and belief. I hereby certify that this application and supporting submittals is an application for a development permit and therefore subject to time limits for processing as established by State law. I have read all applicable sections of this application and other relevant information and understand what is required of me during this project review process.
