EXHIBIT 1

A. Section 5.04.060 of Chapter 5.04 in Title 5 of the Foster City Municipal Code is hereby amended to read as follows:

“5.04.060 Constitutional apportionment.

A. No Undue Burden. None of the license taxes provided for by this article shall be so applied as to occasion an undue burden upon interstate commerce or to violate the equal protection and due process clauses of the Constitutions of the United States and the state of California. When, by reason of the provisions of the Constitution of the United States or the Constitution of California, the license fee imposed by this chapter cannot be enforced without there being an apportionment according to the amount of business done in the City or in the state, as the case may be, the City Manager or designee shall, in consultation with City Attorney Office, prepare and issue regulations with respect to apportionment and such regulations shall provide adequate notice.

B. Apportionment Appeal Rights. In any case where a license tax is believed by a licensee or applicant for a license to place an undue burden upon interstate commerce or to violate constitutional nexus requirements or other applicable law, the licensee or applicant may apply to the collector for an adjustment of the tax. Such application may be made before, at or within six months after payment of the prescribed license tax. The applicant shall, by sworn statement and supporting testimony, show the method of business and the gross volume or estimated gross volume of business and such other information as the collector may deem necessary to determine the extent, if any, of such undue burden or violation. The collector shall then conduct an investigation, and, upon the written approval of the city attorney, shall fix as the license tax for the applicant an amount that is reasonable and nondiscriminatory, or, if the license tax has already been paid, shall order a refund of the amount over and above the license tax so fixed. In fixing the license tax to be charged, the collector shall have the power to base the license tax upon a percentage of gross receipts or any other measure which will ensure that the license tax assessed shall be uniform with that assessed on businesses of like nature, so long as the amount assessed does not exceed the license tax as prescribed by this article. Should the collector determine the gross receipts measure of license tax to be the proper basis, he may require the applicant to submit, either at the time of termination of applicant's business in the

city or at the end of each three-month period, a sworn statement of the gross receipts and pay the amount of license tax therefor; provided, that no additional license tax during any one calendar year shall be required after the licensee has paid an amount equal to the annual license tax as prescribed in this article.
