I'm not in favor of district since FC is too small of a community and favor continuation of district wide voting. I think it is also a waste of the public's time and money to consider this option.

Regards
Brian Lee

I am strongly against district elections in Foster City. It makes absolutely no sense! All areas in Foster City are affected by the same issues, so having district elections is not beneficial. It is difficult to get qualified candidates to run for council as it is. Having district elections would pretty much assure a candidate to be seated if there is little to no interest in a particular district, which does not benefit the City as a whole.
