| Transition to District Elections | 向分區選舉過渡 |
| Background | 背景 |
| At a meeting on August 19, 2024, the City Council discussed a letter received from a potential plaintiffs' attorney, Shenkman & Hughes PC, on July 22, 2024, alleging a violation of the California Voting Rights Act (the "CVRA") and threatening litigation if the City declines to voluntarily change to a district-based election system for electing Councilmembers. A majority of the Council gave direction to staff to proceed with agendizing the resolution of intent in order to take advantage of the safe harbor provisions of Elections Code section 10010 and avoid costly litigation. At the meeting on September 3, 2024, the City Council approved City Resolution No. 2024-91 declaring Foster City's intent to initiate procedures to transition from at-large election to district-based elections. | 市議會於 2024 年 8 月 19 日舉行的會議上討論了 2024 年 7 月 22 日收到的來自潛在原告律師 Shenkman & Hughes PC 的信函,信中指控市府存在違反《加州投票權法案》(CVRA)的行為,並威脅稱如果市府拒絕自願轉為採用分區選舉機制來選舉市議員,將提起訴訟。市議會多數成員指示工作人員將意向決議列入議程,以利用《選舉法》第 10010 條的安全港條款,避免昂貴的訴訟。在 2024 年 9 月 3 日的會議上,市議會批准了 2024-91 號市決議,宣布福斯特市有意啟動從全市範圍選舉過渡到分區選舉。 |
| The City of Foster City currently employs an at-large elections system, in which voters of the entire City elect the five City Council members. A district-based election is one in which the City is divided into separate districts, each with one City Council member who resides in the district and is chosen by the voters in that particular district. Once the transition away from atlarge elections is completed, the district election system will be introduced for the 2026 election. | 福斯特市目前採用的是全市範圍選舉制度,即由全市選民選出五位市議會議員。分區選舉將在全市劃分各個選區,並分別由各個選區的選民選出一位居住在該選區的市議會議員。從全市範圍選舉向分區選舉的過渡完成後,分區選舉制度就將在 2026 年的選舉中引入使用。 |

The City needs to hold at least two public hearings over a period of no more than 30 days, at which the public is invited to provide input regarding the composition of the districts. While the public can begin drawing maps, official maps can not be drawn by the city or its consultant before completion of these two public meetings. Once the initial two meetings are complete, the hired demographer can begin to officially draw maps that will be considered in the districting process along with any publicly drawn maps. The City would then hold at least two additional hearings over a period of no more than 45 days, at which the public is invited to provide input regarding the content of the draft maps and the proposed sequence of elections. Only maps that have been public for seven days can be considered at any public hearings. Once a map is selected, it would need to be published at least seven days before consideration at a hearing for introduction of an ordinance to adopt the district map.

市府需要在不超過 30 天內舉辦至少兩場的公開聽證會,邀請公眾就各個選區的組成提供意見。雖然公眾可以開始繪製地圖,但由市府或其顧問繪製的正式地圖將在這兩次公聽會都結束後才開始繪製。最初的兩次公聽會結束後才開始繪製。最初的兩次公聽會結束後,正式地圖將與任何公眾繪製的地圖一起納入內區流程審議。市府隨後將在不超過 45 天內再舉辦至少兩場額外的聽證會,邀請公眾就地圖草案的內容和提議的選舉順序提供意見。只有公示滿七天的地圖才能納入任何公聽會審議。選定地圖後,地圖需要至少公示七天才能納入公聽會審議,以引入條例採納分區地圖。

| What is districting? | |
| | 分區是什麼? |
| Districting is the establishment of boundaries for election districts. It determines who can run and who can vote in each district. Candidates and voters must live within their respective election districts. This does not impact city services to the public. The only change the districting process creates is how City Council Members are elected. | 分區指的是確立各個選區的邊界。它決定了每個選區中誰可以參選,誰可以投票。候選人和選民必須居住在他們各自的選區內。這不會影響市府對公眾的服務。分區流程唯一改變的是市議會議員的選舉方式。 |
| | |
| Districting only happens once. After City Council boundaries are established, the City will conduct redistrictings to balance the district populations following the results of each decennial census, with the next U.S. Census collection being 2030. This ensures | 分區只會發生一次。市議會選區邊界確立後, 市府將根據每十年進行一次的人口普查結果進 行重新劃區,以平衡選區的人口,下一次美國 人口普查將於 2030 年進行。這可以確保選出 的每位公職人員代表大致相同數量的選民。所 |

| Districting determines which neighborhoods and communities are grouped together into a district for purposes of electing a City Council member. The City Council is seeking input on the district voting map for Foster City. Community members have an opportunity to share with the City Council how they think district boundaries should be drawn to best represent their community. | 分區確定了哪些街區和社區會被劃入同一個選區,以便選舉市議會議員。市議會目前正在針對福斯特市的選區投票地圖征求公眾意見。社區成員有機會向市議會分享他們對選區邊界應該如何繪製的看法,以便最好地代表他們的社區。 |

What are Communities of Interest?

A community of interest is a "contiguous population that shares common social and economic interests that should be included within a single district for purposes of its effective and fair representation." They are the overlapping sets of neighborhoods, networks, and groups that share interests, views, cultures, histories, languages, and values and whose boundaries can be identified on a map. The following are examples of what can be considered communities of interest:
