Library at the VIBE

Shrink Paper Charms

Friday, March 7 from 3:30-4:30 PM

The Foster City Library is coming to the VIBE! Join us for a fun, hands-on activity to destress after school. This month, we're creating customized mini charms using shrink paper! Draw your own designs or trace one of our cute provided designs.

This program is for 6th-12th graders. Please sign in to the center to participate.
