Wednesday Enrichment Program

2024-2025 School Year

Grades 1 - 5

Welcome to the Wednesday Enrichment Program! This program will have a rotating group of classes in different categories to expand your child's fun and learning outside of the classroom. The Wednesday Enrichment Program takes place on minimum day Wednesdays - your child will be dismissed from school based on the minimum day bell schedule, go to the lunch area to eat lunch, and then head to the assigned location of their class.

Program Info

- A child may only be registered for a class at the school they attend.
- Registration closes on a specific date to allow staff to finalize rosters with the instructors and the schools.
- If a class does not meet its minimum enrollment, it will be cancelled.
 - Your child will be transferred into their second-choice option that you indicated during the registration process. If that class is unavailable, you will be provided with a full refund.
- Transfers/refunds must be requested before the start of the second class and will be prorated based on the number of classes held, not attended. All refunds incur a \$10 administrative fee. For rained out classes, refunds will be processed at the end of the session.

Session 1 Classes

Basketball.....\$225

Rebound Basketball

Our class focus is on personal skill training through fun activities. We encourage participation and self-improvement. Fee includes an RBA ribbon award at the end of the season. Participants should wear appropriate sport clothing, and bring a water bottle.

Chess.....\$185

Academic Chess

Learn chess in a fun, engaging, and dynamic environment. Our philosophy is to instill the love of the game. As a result, we're able to witness firsthand our student's developing patience, strategic planning ability, and critical thinking skills. They also come to understand that decisions, both on and off the chess board, result in consequences. Class caters to all levels and all participants receive our exclusive workbooks. If you have any questions regarding the program, please feel free to call (888)44-CHESS.

Creative Coding with Scratch.....\$360

Lando Interactive

Our classes are designed to engage both new and experienced coders. Instead of your typical coding puzzles, students learn by creating a variety of mini-games. They'll master key concepts – such as sequencing, variables, conditionals, and events – all while enjoying the process of building games for themselves and their friends. We provide laptops loaded with our custom, distraction-free version of Scratch and send regular updates to keep parents informed about each student's progress. ***Please note this is a two-hour class.**

Engineering & Design Thinking....\$360

Lando Interactive

Students discover an excitement for engineering as they design, prototype, and test solutions to real-world challenges with LEGO bricks – building grittiness and problem-solving skills along the way. Each class features progressively challenging levels of a distinct engineering problem, like building domes that withstand asteroids, designing air cannons to launch circus performers, or creating air filters to remove debris. Plus, we regularly share class learnings and photos of each student's creations with families after class. ***Please note this is a two-hour class.**
